Packard Hall Renovation  
Medford / Somerville, MA

Existing Building: 1856 Campus Building

William Rawn Associates is restoring this mid-nineteenth century building (the campus's second oldest building). The project will involve 10,800 g.s.f. of interior renovations, to provide office space for the School of Arts and Sciences. All architectural finishes were replaced and new mechanical, electrical, and life safety systems will be installed. The project includes the restoration of the existing masonry façade and the construction of a new addition supporting elevator and a new means of egress from the building. (Renovation: 10,800 s.f.; Addition: 1,600 s.f.)
